

## "Piala Kam Lang Fatt" Football Tournament: A Decades-Long Tradition of Sportsmanship

Since 2009, NHF has celebrated a time-honored tradition: the Piala Kam Lang Fatt Football Tournament. The inter-divisional football tournament was organised again in 2023 to commemorate the late founder of NHF Group, Mr Kam Lang Fatt. This year, the tradition continued, bringing together employees from various divisions for a day of camaraderie and sporting excellence.

The event, held on Sunday, September 10th, 2023, was a testament to the enduring spirit of teamwork and competition. A total of six teams contested for glory on the field, each representing different divisions of NHF Group.

The competition was divided equally, with two teams from Metal Division, two from Plastic Division, and two from Trading division. As the sun rose on that Sunday morning, the excitement among participants and spectators was palpable.

This biennial event goes beyond the competition; it serves as an opportunity for employees to strengthen bonds, foster teamwork, and create lasting memories. The cheers of encouragement from colleagues, the jubilation of goals scored, and the spirit of fair play all combined to make the day truly special.
