# NHFHB PKLF & Badminton Tournaments 2025: Celebrating Sportsmanship and Team Spirit!

New Hoong Fatt (NHF) has been proudly commemorating its late founder, Mr. Kam Lang Fatt, since 2009 through the long-standing tradition of the Piala Kam Lang Fatt Football Tournament. The event's 2025 revival reignited excitement among employees, creating a meaningful opportunity to connect across divisions through football and fellowship.

The sun rose gently over JSA Arena on Sunday, 27 July 2025, casting golden light across the field where anticipation buzzed in the air. It wasn't just any Sunday, it was the long-awaited return of the Piala Kam Lang Fatt Football Tournament, a day where pride, legacy, and unity took center stage.

Across the field, six teams stood poised — representing the heart of New Hoong Fatt (NHF). Two teams from the Metal Division, two from Plastic Division, and two from Trading Division. Each lacing up their boots not only for victory, but for something much greater: the chance to honor a legacy and strengthen the bonds that tie them together.

From the very first whistle, the energy was infectious. Cheers rang out from the sidelines as colleagues-turned-cheerleaders shouted encouragement, laughter echoing between plays and goals met with thunderous applause. The players gave their all — running, defending, scoring — driven by teamwork and pride. Every pass, every save, every celebration reflected more than just sport; it reflected the spirit of NHF!

But this tournament was never just about the scoreboard.

It was a moment, recurring every two years where departments blended, friendships deepened, and memories were etched into the company's story. A day where unity outshone rivalry, and camaraderie triumphed over competition.

As the final match came to a close, one truth remained: the legacy of Mr. Kam Lang Fatt lived on — not only in name, but in the values echoed on that field — commitment, collaboration, and community.

And as teams shook hands and laughter lingered, everyone left with more than just results — they left with pride, connection, and the anticipation of the next unforgettable chapter.

#### When Rackets Spoke Louder Than Words: The NHFHB Badminton Tournament 2025

The sound of shuttlecocks slicing through the air echoed within the hall — rhythmic, sharp, and relentless. On 27 July 2025, the NHFHB Badminton Tournament unfolded not just as a contest of skill, but as a celebration of determination, resilience, and heart.

From the first serve to the final smash, every match carried with it the pulse of competition and the unspoken camaraderie that only sports can forge. The court became a stage where focus met fire, and where every swing of the racket told a story.

When the dust settled, the champions emerged — not just victorious, but unforgettable.
